CLEANING & CARE

Routine Maintenance & Prevention

- ❖ No carpet or rug is impervious to everything. Routine care and cleaning are vital to maintaining long-term appearance.

Spot Cleaning

- ❖ All spot cleaners used on the Essence carpets must be approved by the CRI Seal of Approval Program or carry the Wool Safe Label. (a list can be found at www.woolnz.com or www.carpet-rug.org).
- ❖ Blot up liquids with white paper towels or absorbent cloth; scoop up solids with the end of a blunt knife or spoon.
- ❖ Treat the spot according the cleaning instruction chart found on our website.
- ❖ Apply spot removal agent to clean towel or cloth, not directly on the spot. Use small quantities at a time. Always work inward from edge to prevent spreading. Do no rub, or over-wet the carpet pile.
- ❖ Blot as dry as possible with clean white towel.
- ❖ Always pre-test a cleaning agent in an inconspicuous place to ensure it does not remove color.
