

Another Spring...Another Rewarding Trade Show!

Tapis again enjoyed a successful event at Aircraft Interiors Expo in Hamburg, Germany in May. We also exhibited at our first EBACE in Geneva, Switzerland, which was also a valuable and worthwhile experience for our business.

Aircraft Interiors Expo 2010

We are grateful for the opportunity to meet with our loyal customers and to meet new people.

Looking for a Fabric for a High-Wear Application?

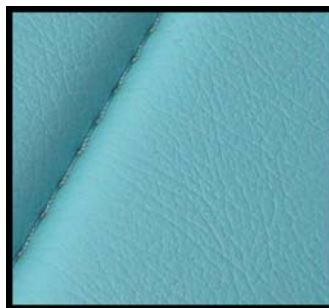

Ultraleather™ Promessa combines extreme durability with a luxurious, innovative, two-toned texture...and it stands up to the most demanding environments. This combination makes Promessa a versatile option for a wide variety of high wear uses, including **seating applications** that a **Regional Jet program, Jump Seat or Economy Class seat** may demand.

Promessa not only looks great and feels good, but this antimicrobial fabric is also **environmentally friendly!** It does not contain plasticizers, heavy metals or stabilizers...and it's 100% free of VOC's, POP's and formaldehyde.

New Ultraleather Color Cards Are Here!

New **Ultraleather** color cards are now available. We have created a new standard card with our full array of colors, as well as a card with a lighter color selection for our corporate customers.

The Original Ultraleather

Request your color card today! Tapis will also be more than happy to update your Ultraleather sample library if needed, upon request.

DID YOU KNOW?

At Tapis, our green commitment is multi-faceted.

Tapis has recently partnered with *The Leather Institute* to provide our customers with the resources to clean and repair Ultraleather.

The Leather Institute is the expert at repairing leather and Ultraleather, and their goal is to help maintain the beauty of the material, and extend its lifespan. Visit www.tapiscorp.com for more information.

Welcome!

Tapis is happy to introduce **Kevin O'Brien** as a **Sales Executive** on the Tapis team.

Kevin graduated from Northeastern University with a degree in Civil Engineering and is currently pursuing his Masters Degree there as well. He joins us after serving as a consultant at CDM, Inc., a consulting and engineering firm in Cambridge, MA.

Welcome to the Tapis team, Kevin!
